

Interested in setting up a Neighbourhood Watch Scheme?

Email your name and address to wyp.nhw@westyorkshire.pnn.police.uk.

Your local Force NHW Co-ordinator will make contact with further information.

Talk to your neighbours about joining your scheme and consider the following:

A name for your scheme

Who will be deputy coordinator

How many houses are in your group?

Do you need a closed social media group?

Do you want physical meetings? How often?

Who has CCTV in your group? (Just in case anything suspicious happens)

Meet with your local Force NHW Co-ordinator to complete a registration form.
They will add your details onto our NHW database so you receive regular updates.

You will then receive:

Window stickers (2 per household)

Lamppost signs (usually 4 per scheme)

Welcome pack / appropriate crime prevention leaflets

Your Force NHW Co-ordinator will send regular updates and crime prevention advice by email.

You should forward the information you receive to your neighbours (either by email or in person).

**As a group, work to reduce crime in your area by sharing prevention advice
and by looking out for each other.**
